Why Sponsor?

A Child Is Missing Alert Program is a non-profit organization (501 c3) that assists law enforcement in the early search and recovery of missing children, the elderly (often with Alzheimer's), college students living on campus, and the disabled. Alert Calls are launched in the first hours of their search.

The Alert Calls are made to the local geographic area the person was last seen by use of a comprehensive satellite mapping system. Capable of launching 1,000 Alert Calls to the targeted area in just 60 seconds.

A Child Is Missing has over 1,000 safe assisted recoveries to our credit. These success stories are on our website: www.achildissinging.org. Available 24/7/365 and free to law enforcement.

This event supports over 60,000 children who have benefitted from the Child Safety Education / Bullying Programs. We have saved lives. Your support will empower the children, help them avert bullying and help them help each other. Thank you.

Safety for children starts with you!

This year's tournament honors David Lindemann, our past President of the Board.

During his 5 year tenure David cared deeply and was involved in this unique Nationwide program. Years ago his son went missing and he personally knew the terror a parent feels when a child goes missing.

We are all responsible for the safety of children by helping them to learn and react when in danger. In Child Safety Education sessions, children from 6- 14 years of age are given the basics of how to protect themselves.

SECRET CODE – do you have one with your child?

TALKING TO STRANGERS– have you told them “NO”

PRIVATE SPACE – not to let a stranger within arms length of them!

These are just some of the important messages ACIM teaches your children and loved ones to keep them safe. Certified school teachers teach the children.

Communication is so important... but we need your help and this tournament is the key to helping the program that helps you and your children and your friend's children.

Thanks from A Child Is Missing Alert Program Staff
